Horse Show Assistant has a desktop icon and can be run from start menu or desktop. The software will launch up and you are given a quick overview that will show you the location, dates, competitors, and fee details. All of this information is very essential. Horse Show Assistant then launches up to go into the Event Editors. Within this, you can add, edit, delete all competitors, classes, main events, and show info. This is where you can also view and print show reports. Horse Show Assistant has been used for horse shows in USA, Canada, Australia, and South Africa with good results.
